Commissioner for Patents

1. A Status of Related Application was filed on June 4, 2003 (Paper No. 35). It stated that it was filing the prior art that rejected (under 102(b)) the related application. Attached to the statement was a copy of the 1449 that was filed with the related application and the piece of art that was used in the rejection. Examiner did not consider any of the art on the 1449, since it was only a copy, used to show the piece of art, and that piece of art has already been considered by the examiner in Paper No. 34, filed July 8, 2003 (See PTO-892). No further action is needed from the examiner and the application has been forwarded to the Board of Patent Appeals and Interferences for decision on the appeal.

2. Any inquiry concerning this communication or earlier communications from the examiner should be directed to Jason D. Cardone, whose telephone number is (703) 305-8484.
